Outpatient Part D Prescription Drugs				
Phase 1: Deductible Stage	You must pay the full cost of your Tier 3, Tier 4, and Tier 5 drugs until you have paid \$200. \$200 is the amount of your annual prescription deductible. For drugs in Tier 1 and Tier 2, you do not pay a deductible and will receive coverage immediately at the co-pay amount listed in the chart below.			
Phase 2: Initial Coverage Stage	During this stage, the plan pays its share of the cost of your generic drugs and you pay your share of the cost. After you (or others on your behalf) have met your brand name deductible, the plan pays its share of the costs of your brand name drugs and you pay your share. You pay the following copays until your total yearly drug costs reach \$3,700. Total yearly drug costs are the total drug costs paid by both you and our Part D plan.			
The below copays are for prescriptions purchased from a network retail pharmacy or our mail-order pharmacy.
